ABOUT THE WORKSHOP

In this two day intensive workshop, students will walk away with a taste of Hollywood from a successful Hollywood actress. They will have tools that they can implement into their work for upcoming auditions and gigs.

DAY ONE: BASICS OF ACTING (4 HOURS)

Juliette will share some of her experiences in pursuing a career in showbiz. She will get to know the students and find out about their aspirations.

She will teach basic warm up exercises, theatre games and improvisation. She'll go over various acting techniques, character development, scene breakdown and memorization techniques. Students will be given real film and TV scenes to work on for the next day. And Juliette will end the day with a Question and Answer period.

DAY TWO: ON CAMERA AND AUDITION TECHNIQUE (4 HOURS)

**Juliette will guide the students through a typical audition process. Each student will have an opportunity to perform on camera, review the scene and receive notes from Juliette. It is extremely beneficial for everyone to see what they look like on camera, as well as others, in order to learn what works and what doesn't work. There is a clear difference between theatre and film acting!
Juliette will end the workshop with a Question and Answer period.**
